Chairman City Improvement Trust Board
MYSORE

LAW DEPT

To

C Narayanaswamy Naidu, Esq, B A, B L,
Secretary to the Government of His Highness
the Maharaja of Mysore, Law Department,
Bangalore

Sir,

With reference to your letter No I 4471 dated 31st October 1942 forwarding the extract of the promise made by Government at the Meeting of the Legislative Council Budget Session held in June - July 1942 regarding the question of preparing resume of the works done by the City Improvement Trust Board, Mysore, for the last 40 years and requesting to prepare and submit a resume to Government early, I have the honour to state that this matter was placed before the Board along with the draft of the present communication to the Board, at their Meeting held on 27th January 1943, and they have approved of the letter and proposals contained therein

2 The Board agree that a consolidated review of the work done by the Board would certainly be a very valuable record and it would be a very good thing to have such a resume of the consolidated improvement works -- executed by the Board during the last 40 years This would also serve to enlighten the public regarding the improvements effected by the Board in the Mysore City during this period It will serve also to illustrate in what condition the Mysore City was when the epidemic of plague first broke out in a virulent form in 1898 and how the improvements which have been effected for the past 40 years have put down the serious outbreak of any epidemic including plague

3 The work of the Board during these years may be particularly classified under the following heads -

1 Acquisition of properties for
(1) clearing slums,
(11) formation of roads, parks etc

2 Sewerage and drainage works

3) Formation of extensions
4) Housing the poor
5) Works of public utility and convenience and aesthetic improvements

Block plans have also been prepared by the Board and recently in Government Order No L 3787-90/M1 49-41-20 dated 11th November 1941 the staff as noted in the margin has been sanctioned for revising the old block plans

1 Surveyor	1)
2 Suboverseers	3)
3 Engineering Lasitries	3)
4 Laskars	4)

4 At present only two small reports (copies enclosed for ready reference) viz, Report on the Sanitary and other improvements of the Mysore City and (2) a brief account of the Mysore City Improvement Trust Board operations since 1904 to end of June 1929 have been prepared for all these years These are two brief reports and do not serve the purpose contemplated by Government

5 The Board feels therefore that in order to prepare a comprehensive report of the type Government have in view, the staff they have at present is totally inadequate and it is necessary if the work is to be done well one of the Retired Engineering Officers who have previously worked in the Board or has intimate knowledge of the City should be placed on special duty (an honorarium being given to him) and small staff as per margin -

Special Establishment required -	
1 One Engineering Officer (Retd) Honorarium (The Superintending Engineer, Rajasevasakta Narayan V Bapat, felt that it may not be possible to secure the services of a retired Engineering Officer who has worked in the Board for this Honorarium)	Rs 150/-
2 One Manager (The present Trust Board Manager may be placed on special duty for this)	" 100/-
3 One Retired Sub Overseer who is conversant with the Trust Board works	" 40/-
4 One Assistant Draftsman	" 35/-
	10/-
5 One Temporary Lastry	" 15/-
6 One Attender	10/-
Total establishment for one month	Rs 360/-
Total establishment for sixmonths	Rs 2160/-
Add contingent expenses such as stationery, drawing materials etc	60/-
Total for six months	Rs 2220/-

given to him and he be directed to prepare a comprehensive report - under the main heads noted above referring special to the schemes - under each head drawn up from time to time, schemes taken up and completed, schemes taken up but incomplete and those not taken up at all and also prepare a comprehensive survey of the work done till now and that remaining to be done The plans prepared relating to various schemes of improvements should also be sorted, arranged and indexed by that

Officer and an up-to-date verified statement of Trust Properties also prepared

6 If the establishment referred to above is sanctioned, this comprehensive and useful report could be completed perhaps within six months and the Board feels that the expenditure would be amply repaid and both the Board and the public will have not only a very useful record relating to works already done but would also enable the Board to draw up a five or ten year programme for further improvements to the City

I have the honour to be,
Sir,
Your most obedient servant,

B Sreshaventhan
Chairman 11/2

HRG

A brief account of the Mysore City Improvement Trust Board Operations since 1904/to end of June 1929

ORIGIN -

The City Improvement Trust Board, Mysore was constituted in the year 1904 with a view to adopt measures for mitigating and arresting the ravages of plague and other epidemics and for generally improving the condition of the City on comprehensive lines

ACTIVITIES OF THE BOARD

The Board commenced their operations in the year 1904, on the lines approved by Government and with the help of the block plans which had been got prepared by the Committee appointed for the purpose and on which proposals were marked for opening out new streets and lanes, and widening and ~~straig~~ straightening streets and clearing out congested areas

Up to the end of the official year 1928-1929, a sum of Rs 75 lakhs has been spent by the Board on various improvement works The works carried out by them may be broadly classified under the following heads -

(1) Acquisition of properties for removing the slums and formation of roads and lanes

(2) Sewerage and drainage works

(3) Formation of Extensions

(4) Housing the poor

(5) Works of public utility and convenience and aesthetic improvements

(1) Acquisition etc - Till end of June 1929, 7,838 properties have been acquired and several roads and conservancy lanes formed at a total cost of 32 lakhs Of this Rs 15½ lakhs or nearly 50% represents the cost incurred on improving the Fort which within a small area of 55 acres contained 456 houses and which was the hot-bed of plague and other epidemics All these houses have been acquired and demolished and the area neatly laid out

(2) Drainage and sewerage works - The outlay on drainag and sewerage works comes to Rs 18/- lakhs or 24 per cent of the total expenditure Practically, the whole City is provided with underground main sewers and considerable portions with sub mains to a total length of 59 miles Nearly 8,500 house connections have been given

(3) Formation of extensions - With a view to provide accommodation for dishoused people, 10 Extensions at a cost of - 5 lakhs have been laid out and accommodate about one fifth of the City population under conditions which ensure besides the ordinary convenience of water and drainage, ample house space, broad roads and clean environments

(4) Housing the poor - With a view to enable the poor unhoused people to build suitable houses for themselves, loans of money were granted 160 model houses were constructed and sold at cost price under instalment system The scheme has since been supplemented by the donations of Rs 10,000 and 5,000/- -- graciously made by His Highness the Maharaja and His Highness the Yuvaraja respectively and two funds known as the "Palace Building Fund and "The Narasimharaja Building Fund" have been constituted and administered by the Board 39 poor houses have till now - been constructed out of these funds and sold to the poor at cost price under instalment system

(5) Works of Public utility etc - The amount spent on works of public utility and convenience, such as draining and filling marshy places, widening of roads, providing cartstands, and recreation grounds and construction of New Municipal Office Buildings and Markets etc , comes to about Rs 9 lakhs

The Purniah's Nalla from the Old Ulsoor Police Station northwards has been counter graded and partly filled up, a road thrown across the Doddakere for facility of traffic and the reclaimed portion of the northern arm of Doddakere converted into

a lawn and play ground Large marshes below Kukkarehalli T. and in the bed of Jeevannarayanakatte and the Fort east ditch have been drained, filled up and levelled Similarly, most of the insanitary pits and pools in several parts of the City have all been filled up and the portions so treated have been converted into play-grounds, cartstands, roads etc

The City has also been well provided with Parks and Gardens They are a possession of which every resident of the City and, indeed, every subject of the State has reasons to be proud The City owes these amenities for the most part to the efforts of the State Gardens Department and the generosity of His Highness the Maharaja from whose privy purse some of these gardens were raised and are maintained for the benefit of the public

The results of the work so far carried out are reflected in the City statistics of mortality During the three years which followed the creation of the Board, the average death rate was 40 per thousand of population, including 7 8 from plague Similar statistics for the past three years show an average death rate of 33 per thousand of population of which 1 1 represents mortality from plague The decrease in the incidence of plague as well as in the general death rate is a proof of the improvement which has taken place during the past 25 years in the sanitary condition of the City

(*c*) Three (including the Vice President of the Municipal Council)

(*d*) (i) A representation (No 133) was made at the Dasara Session of the R A in October 1941 to the effect that the Mysore City Improvement Trust Board may be abolished

(ii) A resolution was passed by the Mysore City Municipal Council on 7th May 1941 to the effect that the City of Mysore Improvement Act may be amended so as to create an elected majority of members representing the Municipal Council on the Board of Trustees for the improvement of the City of Mysore

(*e*) In regard to (*d*) (i) the member's reference is invited to the discussion on the subject at pages 252—254 of the Proceedings of the R A of October 1941

In regard to (*d*) (ii) a reply was sent to the President Mysore City Municipal Council to the effect that Government did not consider it necessary to introduce any change in the present constitution of the Board

Mrs YASHODHARA DASAPPA—With reference to question (*a*) it is stated that the Improvement Trust Board was started in 1st December 1903 May I know whether there has been any change in the constitution of the Improvement Trust Board?

Mr H B GUNDAPPA GOWDA — No

Mrs YASHODHARA DASAPPA—Are the non official members of this Trust Board elected or nominated?

Mr H B GUNDAPPA GOWDA — Nominated members are also included in the non official members list

Mrs YASHODHARA DASAPPA — How many of them are nominated members?

M H B GUNDAPPA GOWDA — Notice

M YASHODHARA DASAPPA—Out of 9 members are there only 3 elected members?

Mr H B GUNDAPPA GOWDA — Yes they are 3 including the Vice President

Mrs YASHODHARA DASAPPA — Who executes the plans of the Improvement Trust Board?

Mr H B GUNDAPPA GOWDA — The municipal establishment

Mrs YASHODHARA DASAPPA — May I know whether those plans have to be approved by the Municipal Council?

Mr H B GUNDAPPA GOWDA — Notice

Mr T MARIAPPA (Mysore City —General Urban) —What is the object of establishing the Improvement Trust?

Mr H B GUNDAPPA GOWDA — To improve the Mysore City

Mr T MARIAPPA —After it is improved should not the Municipality follow up those improvements ?

Mr H B GUNDAPPA GOWDA —Yes

Mr T MARIAPPA —Should not the Municipality take this work into their special consideration ?

Mr H B GUNDAPPA GOWDA — I cannot say that The financing is done by the Trust Board

Mr T MARIAPPA —The schemes are laid out by the Improvement Trust Board Is it not the Municipality that is responsible for carrying out the works ?

Mr H B GUNDAPPA GOWDA — Yes

Mr T MARIAPPA —When the Municipality is responsible for the execution of the schemes is it not better that there should be in the Improve ment Trust Board as many members as possible elected from the Municipal Council ?

Mr H B GUNDAPPA GOWDA — It is a matter of opinion

Mr T MARIAPPA —When such a representation was made to Govern ment what action had been taken by them ?

Mr H B GUNDAPPA GOWDA — I have already replied that it is not possible

Mr T MARIAPPA —For the last 40 years was there no need for a change in the constitut on of the Improvement Trust Board ?

Mr H B GUNDAPPA GOWDA — If there is any necessity for a change then it will be done

Mr T MARIAPPA —Did the Govern ment not find any necessity for having more elected non officials in the Improvement Trust Board ?

Mr H B GUNDAPPA GOWDA — No.

Mr T MARIAPPA —Why did not the Government remove even those 3 non official members from the Trust Board ?

Mr PRESIDENT (Mr D H Chandrasekharaiya)—That does not arise

Mr T MARIAPPA —Why did not Government appoint officials in place of the 3 non official members ?

Mr H B GUNDAPPA GOWDA —I cannot answer that question Anyhow the suggestion of the Honourable Member will be noted

Mr T MARIAPPA —What is the object of appointing non official members to the Trust Board ?

Mr H B GUNDAPPA GOWDA — It is only to know the views of the Municipality

Mr T MARIAPPA —Have not the Municipality undertaken the responsi bility of guaranteeing the work of the Trust Board ?

Mr H B GUNDAPPA GOWDA — Yes

Mr T MARIAPPA —Are they not spending money for it ?

Mr H B GUNDAPPA GOWDA — May be

Mr T MARIAPPA —Should not the views of the Municipality be properly reflected in the Improvement Trust Board ?

Mr H B GUNDAPPA GOWDA — It does not necessarily follow

Mr T MARIAPPA —Should not the Municipality have a greater representation on the Improvement Trust Board because it shoulder the responsibility for the execution of the works ?

Mr PRESIDENT —The Honourable Member is entering into a discussion

M T MARIAPPA —Are there any suggestions made to the effect that the Trust Board should be abolished ?

Mr H B GUNDAPPA GOWDA — Yes It was stated so in the course of the Assembly Session

M T MARIAPPA —Are there any resolutions tabled to that effect ?

M H B GUNDAPPA GOWDA —Yes

M T MARIAPPA —Have the Gove nment accepted that resolution ?

M H B GUNDAPPA GOWDA —No.

M T MARIAPPA —For how many years should the Trust Board be in existence ?

M H B GUNDAPPA GOWDA —I cannot say that

M T MARIAPPA —Is there neces sity for the existence of the Trust Board still ?

M H B GUNDAPPA GOWDA —Yes

Raja ha it vi a ada Rao B h dur C HAYAVADANA RAO (Nominated Non official) —In view of the answer given to (a) will the Government consider the feasibility of publishing a resume of all the work done by the City Improvement Committee during the last 40 years ?

Mr H B GUNDAPPA GOWDA —It appears annually in the Administration Report

M C HAYAVADANA RAO —I am saying that for 40 years the City Improvement Trust Board has been in existence and lakhs of rupees have been spent on improvement work A consolidated review of the work is a very valuable thing Some time ago I had prepared a pamphlet on this subject In view of the public opi ion prevailing in certain quarters in Mysore in regard to the work done by this Committee it would be a very good thing to have such a resume of the consolidated improvement works done in the city for the past 40 years

M H B GUNDAPPA GOWDA —It will be considered

Bangalore

Sir,

With reference to your letter No L 8801/11 1PC-42-5 dated 2nd March 1943 requesting to intimate how the expenditure of Rs 2,220/- required to meet the cost of establishment necessary for the preparation of a comprehensive report of the activities of the Board for the last 40 years, would be met etc, I have the honour to state that on account of the limited resources of the Board during the current year, it is not possible to meet the cost of the extra establishment out of the current year's grant As however the current financial year is drawing to a close and some time will necessarily be involved in selecting suitable men for the work, after obtaining sanction of Government therefor, the establishment though sanctioned now can commence work only from about the 1st of June 1943 Necessary provision will therefore be made for this in the Budget estimates for next year ~~with the Secretary~~ If this is approved sanction of Government may kindly be obtained in the meanwhile for the entertainment of the establishment so that necessary correspondence may be entered into with a suitable retired engineering officer selected for the work

I have the honour to be,
Sir,
Your most obedient servant,

B S Raghavendra Rao
Chairman
